

Aircraft Fuel Coach for Pilots Support

Support

Need help with Aircraft Fuel Coach?

We're here to assist pilots who use our app for safe and efficient fuel management.

Common Questions

Is Aircraft Fuel Coach FAA-approved?

No. It's an advisory tool to support your in-cockpit judgment, not a certified system.

Does it work offline?

Yes. The app runs 100% offline - perfect for flight mode.

How are alerts delivered?

Through iPhone sound and haptic feedback when it's time to switch tanks.

How do I reset or clear my data?

Simply delete and reinstall the app; all data is stored locally.
